## Why Healthy Vending?

There is No Time Like the Present!

You provide access to healthy food choices through state-of-the-art vending machines at locations adding a healthy vending option or replacing traditional vending with healthy options.

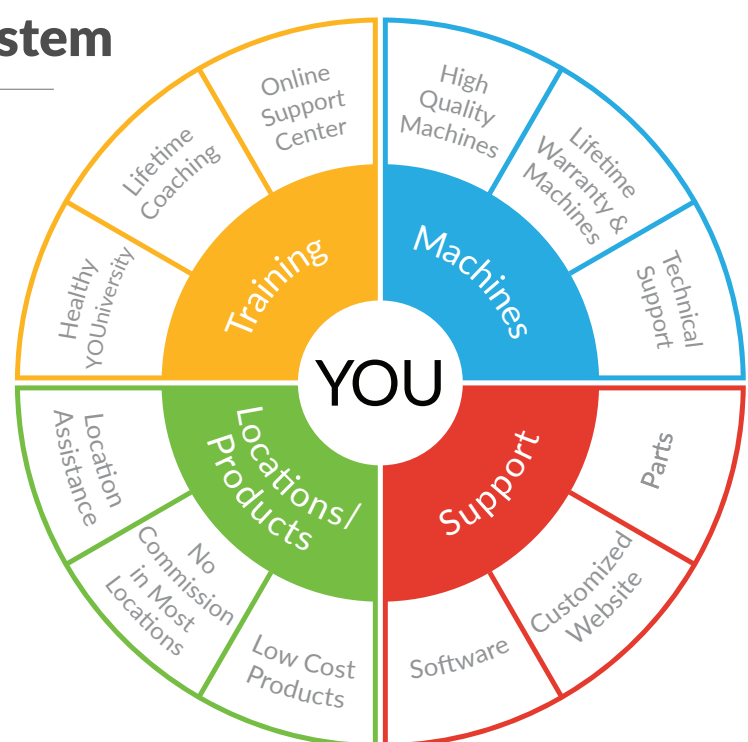

## A Few of the Many Timely Benefits of a Healthy Vending Business

- Great for families, couples or individuals
- Recession-resistant business
- Lasting, ongoing revenue
- Flexible and scalable, from a side hustle up to a full-time business
- Covid-19 Ready; 90% remote management; virtually contactless delivery; trusted pre-packaged foods

## A Proven Business System

HealthyYOU Vending does more than just sell vending machines. We help people start a successful healthy vending business by providing what they need, every step of the way—including state-of-the-art vending machines, full training, lifetime coaching and support, help to secure both locations and products, and much more.

## Our Vending Machines are Second to None

- Multiple graphics to choose from, or design your own
- 100% full lifetime warranty
- Plug and play operation and easy maintenance
- Eco-friendly and proudly made in the USA
- SmartMart and Wellness Center add-on units\*  
\*Additional revenue streams

## Best-in-Industry Location Assistance

- Location assistance is included and no one does it better!
- Customized to each operator—no cookie-cutter solutions.
- The vast majority of locations require no sales commissions.

## A Day in the Life of a HealthyYOU Vending Operator

- Monitor machines remotely—as needed and in real time
- Identify products to restock before leaving to fill machines
- Easily restock and attend to the vending machines
- Order products from supplier and restock home supply
- Introduce healthy vending to additional locations

Simply put, HealthyYOU Vending provides new or seasoned entrepreneurs with the equipment, system, flexibility, software, training and support needed to successfully build a viable healthy vending business.
