

10 HEALTHY VENDING SNACKS & DRINKS YOU CAN FIND IN SCHOOLS

There are always **so many snacks** to choose from that it may be hard to decide, especially for busy students on-the-go. **Here are some great options to stock your healthy vending machines with snacks that students will love.**

ORGANIC FRUIT SNACKS

Organic fruit snacks are a fantastic way to enjoy a sweet, chewy treat without any of the unhealthy preservatives found in other snacks.

COOKIES

Sometimes the only way to satisfy your sweet tooth is with a cookie! Fortunately, a variety of plant-based cookies with clean ingredients exist to keep things healthy.

DRIED FRUIT

When students are looking for something healthy, but still need something sweet, dried fruit is a great choice.

GRANOLA OR CEREAL BARS

Granola and cereal bars are a great, on-the-go option to give students that extra burst of energy between classes.

MIXED NUTS

Nuts are a healthy choice and are great foods to increase a student's energy, keeping them happy and healthy throughout the day.

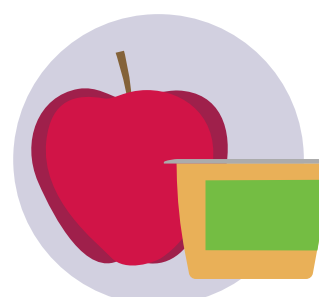

FRUIT LEATHERS

Fruit leathers are both a nutritious and delicious snack filled with a combination of dietary fibers, carbohydrates, minerals, vitamins, and antioxidants.

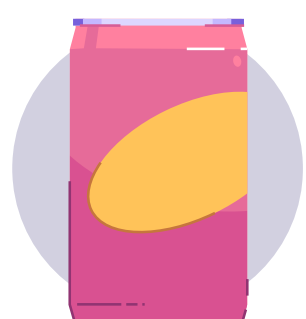

POPCORN

Popcorn is a healthy alternative to foods like chips with the same delicious enjoyment and without artificial preservatives.

APPLESAUCE POUCHES

Applesauce is a tasty, healthy treat shown to boost the immune system and may reduce the risk of many other health issues.

SPARKLING DRINKS

Sparkling drinks are a delicious way to stay hydrated and supply the satisfaction of soda without any of the added preservatives.

WATER

Water is always an excellent choice of beverage for students to hydrate on-the-go. It is a simple choice, but the health benefits are endless.

Offering a variety of healthy snacks and drinks in school vending machines is a wonderful way to help students stay healthy and motivated. **To learn more about healthy snacks or how to start your own healthy vending business, give us a call today!**
