

HealthyYOU[®] is the Only Company in Healthy Vending that...

Vending

Is BBB accredited with an A+ rating

Does live trainings and discovery days

Offers a customized location strategy (not one-size fits all)

Sells a machine we designed and not a standard glass-front machine

Allows owners to select their wrap or customize

Puts owners name on their machine, not our company name.

Offers Customized Expansion Units

Based on the needs of the individual location you can add:

SmartMart

Sell microwaveable meals, travel items in a hotel etc.

Wellness Center

Sell over-the-counter medicines keeping employees in the office.

Add Both

For large locations where both units make sense.

Yeah, we designed these too!

While we may be a new name to you... we are not new to healthy vending.

- We sold the 1st healthy vending machines in the nation in 2007.
- We started and continue to lead the healthy vending industry.
- We are the benchmark in the industry.

On Top of All of That

- Our machines cost less.
- New business owners can buy five machines for the price of four machines from other companies.
- They get more machines and consultants earn more commission.
